Weingut Dr. Hermann

(Erden – Middle Mosel)

2023er	**Dr. Hermann**	**Ürziger Würzgarten Riesling Trocken Alte Reben GG**	**33 24**	**94**

The 2023 Ürziger Würzgarten Riesling Alte Reben -GG-, as it is referred to on the consumer label, is a bone-dry wine (with less than 2 g/l of residual sugar) made from fruit picked on over 100-year-old un-grafted vines in the prime Weltersberg and Urglück sectors, and was fermented and aged in a 2-year-old Fuder on its gross lees for one year. It offers a superb nose made of cassis, elderflower, citrusy fruits, and smoke. The wine proves superbly elegant and precise on the palate, where a touch of creaminess adds depth to the overall sense of intense lightness. The finish is superbly long and incredibly elegant and subtle. This is a stunning expression of dry Mosel Riesling in the making! 2028-2043

2023er	**Dr. Hermann**	**Erdener Treppchen Riesling Trocken GG**	**32 24**	**92**

The 2023 Erdener Treppchen Riesling -GG-, as it is referred to on the consumer label, is a bone-dry wine (with less than 2 g/l of residual sugar) made from fruit picked in the prime Kriebslay, Busslay, and Hödlay sectors, and was fermented and aged on its gross lees for one year. It offers a great even if subdued nose made of citrusy fruits, white flowers, bergamot, whipped cream, and smoke. The wine proves superbly racy and focused on the bone-dry palate and leaves a gorgeous and light-footed feel of fresh orchard fruits in the long finish. The aftertaste is beautifully intense and precise. This is a great dry Riesling in the making. 2028-2038

2023er	**Dr. Hermann**	**Lösnicher Försterlay Riesling Trocken GG**	**31 24**	**90+**

The 2023 Lösnicher Försterlay Riesling -GG-, as it is referred to on the consumer label, is a bone-dry wine (with less than 1 g/l of residual sugar), and was fermented and aged in a 2-year-old Fuder on its gross lees for one year. It offers a nose marked by gooseberry, herbs, and fine spices, and a touch of oak impact. The wine proves superbly dry but also quite backward on the palate and leaves a firm and structured feel in the long finish. It is beautifully dry and quite satisfying. This will appeal to acidity-prone dry Riesling. 2028-2038
